

J. Jason van Steenburgh, Ph.D.

Neuropsychologist

Dr. van Steenburgh provides neuropsychological evaluation and cognitive remediation, as well as education, support, and therapeutic services in assisted living and memory care communities for older adults, their caregivers and their families.

Dr. van Steenburgh earned his doctorate in Neuropsychology from Drexel University and completed an Internship in Neuropsychology at Vancouver Coastal Health in Vancouver, BC. He completed his post-doctoral fellowship at The Johns Hopkins School of Medicine. He has conducted research designed to improve cognitive functioning in schizophrenia and autism and has worked with older adults for 6 years.

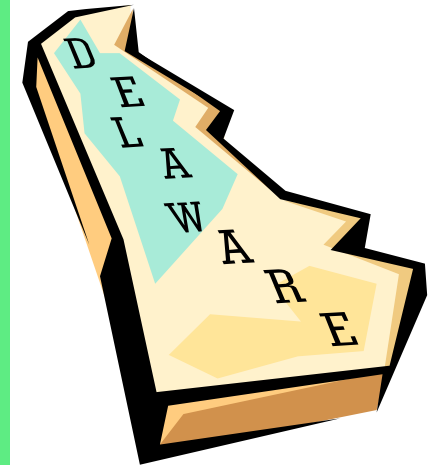

Dr. van Steenburgh offers cognitive evaluation and fitness programs for both assisted living and memory care residents at Brandywine Living Vorhees, Brandywine Living at Haverford Estates, Brandywine Living in Upper Providence, and Brandywine Living at Seaside Pointe. He is licensed in Pennsylvania, New Jersey and Delaware.

If you are attending the Conference could bring 50 to 60 copies of your calendar to share with your peers.

DCAP Would like for each attendee at the conference to bring in a door prize of your choice to be given out would be a great help. Thanks in advance for your help
